

AQA Quality Forum 2018

Wednesday 3rd October 2018 | 9:30am – 5:00pm | Level 9, 142 Lambton Quay, Wellington

The format of the day will be a series of discussions on current topics in academic quality. The sessions will be led by quality managers who will pose a series of questions for discussion. Although the topics are all relevant for Cycle 6 academic audit, the focus on the discussions is on examining the state of knowledge (current research and best practice) and implications for academic quality with respect to the topic, rather than guideline statements and evidence for audit, per se. A summary of the day will be developed.

Who should attend:

University Quality managers and others interested in discussing current topics in academic quality.
